1. The substitute specification filed August 14, 2008 has not been entered because it does not conform to 37 CFR 1.125(b) and (c) because: there is no marked-up copy to go with the clean copy, and there is no statement that there is a lack of new matter. Also, substitute specifications filed after allowance are governed by 37 CFR 1.312. Since the application has been allowed, the Applicant's immediate attention is requested.
